

# Charming Toddler Fingerprint Leaf Candleholder Gifts!

## Festive - Functional - Personalized Gifts for Fall!

We provide true, glazed & kiln-fired surfaces so they can be used long-term, year after year! A perfect addition to your Fall or Thanksgiving table, or perfect for gift-giving to loved ones near and dear... tiny fingerprints captured on an artistic pottery dish!

We travel right to your location to fingerprint and engage your young students in a fun and tactile art experience to create a thoughtful, treasured gift. Completely self-contained, we need only a table work surface and chair!

We fingerprint your pre-schoolers and take orders for personalization from a supplied order form that we provide, free of charge. After clear-glazing & kiln-firing, art is returned to your location... super easy for you!

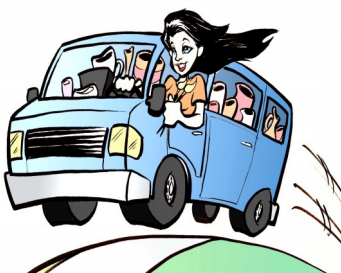

All Materials are Water Based,  
100% Non-Toxic and Easily Washable
